

Global Compact LEAD Task Force Session – Operationalizing the UN Partnership Facility
29 March, 2012
14:30-18:00

Background

Building on the recommendations outlined in the UN Global Compact LEAD Task Force report “Catalyzing Transformational Partnerships Between the United Nations and Business” and a discussion at Davos among Heads of UN Agencies and CEOs, this session will focus on refining the concept and functions of the UNGC Partnership Facility-to be launched at Rio+20.

Meeting Objectives

1. Create a forum for the community to share ideas and build to a cohesive vision of what the Partnership Facility, including the Accelerator, can and should do.
2. Leverage the substantial knowledge base within the GC LEAD Task Force to validate the value of possible services and support of the Partnership Facility, including the Accelerator.
