1950-2010 UN Global Compact Africa Strategy: Responsible Implementation of Africa's Development

In collaboration with African CEOs, the UN Global Compact adopted a long-term strategy in 2014 to better connect with the growing private sector in Africa. The work of the Africa Strategy links the private sector in Africa to the key actors working on infrastructure development in Africa while also ensuring that the focus is on how to ensure that infrastructure development makes a positive contribution to Africa in social, environmental and governance terms.

Speakers:

Mr. Elias Masilela, Chairman, DNA Economics/ Board Member, UN Global Compact

2010 *Dinner is served*

2055-2100 Concluding Remarks
