Inclusive Sourcing: A Key Pillar of Sustainable Procurement

About the International Trade Centre (ITC)

• The joint technical cooperation agency of the World Trade Organization (WTO) and the United Nations (UN), fully dedicated to the development of SMEs

• Only multilateral agency fully dedicated to SMEs development

• 100% Aid for Trade
Why Inclusive Sourcing from women is Important

• According to the IFC, women-owned businesses represent 32-39% of all private businesses globally.

• Women do 66% of the world's work, receive 10% of the income, and own 2% of the property.

• Women represent 50% of the world’s population, but they are almost invisible in global value chains as suppliers with just 1% of the spend on vendors by large corporations and governments.
The World Bank research findings show that women reinvest up to 90% of their earned income in their families and communities.

Because women are more likely than men to invest in their families particularly in their children’s education and health, paid work for them means a multi-generational boost to economic growth, as those children grow up and contribute to a stronger and more skilled workforce.

IN 2030 THERE WILL BE NO DISCRIMINATION AGAINST WOMEN AND GIRLS, ANYWHERE IN THE WORLD.
GSC’s 17 / 17’s Week 5 / SDG 5: Gender Equality
Tools and Resources for Aligning Business

• Rank countries that you operate in for key indicators of gender equality and empowerment of girls and women using the UN Human Development Reports Data (180+ Countries): [hdr.undp.org](http://hdr.undp.org)

  – UN's Gender Inequality Index (Table 5)
    • adolescent birth, maternal mortality, seats in parliament, education, labor force participation, etc.

  – Gender Development Index (Table 4)
    • schooling, income, life expectancy, income, human development (ratio to male) etc.
Intel commissioned a report on the internet gender gap and its consequences for women and society: intel.com

- According to the “Women and the Web” report published by Intel and its partners, nearly 25 percent fewer women are online than men in developing countries in the study, and the gap was 43 percent in sub-Saharan Africa.

- Through the Intel® She Will Connect program and other digital empowerment initiatives, Intel is empowering millions of women to connect to a range of new opportunities through technology.
GSC’s 17 / 17’s Week 5 / SDG 5: Gender Equality

Collaborate with NGOs to Amplify SDG Efforts

• Every Women Every Child: everywomaneverychild.org
  – A global movement to mobilize and intensify action by governments, the UN, multilaterals, the private sector and civil society to address the major health challenges facing women, children and adolescents

• L’Occitane Foundation: fondation.loccitane.com
  – Supports UN Women’s efforts to improve women dairy entrepreneurs in Burkina Faso access to resources to build businesses, increase the quantity and quality of dairy production, and influence supportive national policies and practices.

  – Founding members include the US-based divisions and subsidiaries of Barclays, Danone, Ernst & Young, KKR and Nestlé. Members have committed to parental workplace support practices such as longer paid parental leave and transition support training. The Coalition is supported by the American Academy of Pediatrics and Cornell University.

• 2015 Winner of Empowered Women Category Sustainable Health Enterprises (SHE): gsc3sawards.com

– In Rwanda, 18% of women and girls miss school and work because they can’t afford pads.
– SHE makes pads locally and employing members of the community.
– SHE provides banana farmers with equipment and training.
– Farmers sell the banana fiber to SHE
– SHE processes the fiber at its community factory.
– The fiber gets cut, washed, dried, fluffed and assembled, and the pads are sold at affordable prices.

GOOD FOR BUSINESS
BOYNER GROUP SUPPLY CHAIN
WOMEN ENTREPRENEURS
EMPOWERMENT PROGRAM

BOYNERGRUP

IFC
International Finance Corporation
• Turkey employment / population ratio by sex: F: 27.8% M: 69.3%
• The lowest among OECD countries
National income rise considerably as women enter the workforce.

[Diagram showing the relationship between Net Income (US Dollar, Purchasing Power Parity) and the Ratio of women in the workforce for TURKEY.]
Women’s Economic Participation in Turkey: low but with great potential

55% of SMEs women minority shares

26% of firms (co-) owned by women

16% of SMEs majority-owned by women

10% of SME equity held by women

Turkey’s Gross National Income could increase by 22% if gender gaps in economic participation were closed.
Barriers Hinder Women In Turkey From Starting A Business And Growing

Business culture among Turkey’s women is weak. There are few role models and little promotion by media. There is a strong emphasis on family responsibility due to traditional social norms.
Only 17% of all Direct Supplier Companies are Owned by Women

Gender Ratio of Boyner Groups direct supplier’s Owners

- 17% female
- 83% male
The Academy’s first cohort comprised 20 firms with the following profiles:

- **Firms’ length of relationship with Boyner by years**
  - Shortest: 1 year
  - Average: 8 years
  - Longest: 32 years

- **Firm size of participating suppliers by employees**
  - Smallest: 1 employee
  - Average: 98 employees
  - Largest: 500 employees

- **Firm type of participating suppliers by product**
  - Other: 3
  - Knitwear: 3
  - Accessories: 6
  - Weaving: 8

Yearly revenue was between less than 350,000 USD to more than 30 millions USD (a million TRY to 90 million TRY).
Good for Business, Empowering Women in the Supply Chain

Motivation for the Program

→ encourage women led businesses in our supply chain
→ develop high-potential strategic suppliers
→ strengthen ‘gender-inclusive sourcing strategies

Investing in a diverse pool of the most strategic suppliers with potential for a competitive offering, top performance & compliance – including women-led businesses – is at the heart of BOYNER GROUP’S SUPPLY CHAIN STRATEGY!
The 12-week Program featured capacity building through classroom training, coaching, guest lectures, networking events and vendor fair.
23 women from 20 SME supplier companies participated in this first cohort.
“if not for the Program I would not know that men and children knitwear is actually sold more than womens.”

- Detect market trends and opportunities
- Being able to articulate motivation, visioning and positioning
- Being able to use the knowledge to gain more responsibilities within the companies

Engaging activities at the workshops
“We were taken out of the anonymity of dealing with the Boyner Group”

- Get to know Boyner Group as their client better
- Establish contacts with Procurement and Accounting Departments
- Boyner Group standing behind them, supporting them, encouraging them.
“A simple thing: I have 23 professionals at my phone now ”

- Being proud of being selected
- Feeling to belong to this group of women managers in the ready wear sector
- Peer-Group Network
- Sharing of information, contacts and clients
“It was exiting to present my products to Li &Fung buyers ... and to see each others products”

- Matching of buyers - participants
- Providing space for presentations
- Access to markets through brand contacts beyond Boyner Group

Vendor Fair impressions
We really got to know the participating women well businesswise …

**WOMEN'S GOALS**

To enter and be **competitive** on the international market/network with more buyers

To be a **market leader**

Higher **quality** products

Establishing a **brand** name in the market / developing branded products

New and **innovative products** – more diversity

Increase the annual **sales**

Acquire better **negotiating power**

---

**Figure 1: Annual Revenue 2014 of the Participants. (Source: Participants data)**

- 75% made between 1-4 Mio TRY revenue in 2014.
- less than 1 Mio TRY
- 1-4 Mio TRY
- 5-10 Mio TRY
- more than 10 Mio TRY

**Figure 2: % of Boyner Group annual revenue as share of total annual revenue of the participants 2014. (Source: Participants data)**

- less than 10%
- 10-25%
- 25-50%
- 50-75%
- more than 75%
... and personally

**WOMEN'S STRATEGIES**

Crossing gender boundaries to reconcile managing home and business

A certain **attitude towards finance** and monetary issues

Emphasizing the role of **being a manager** over the role of being a woman

---

**What the women whished for**

- Better planning collaboration, to decrease down times in production
- A partner at their side
- Supply chain finance facilities: Using Boyner Group’s procurement strength to negotiate banking offers that address their cash flow issues.
- Banking products that are based on client-relationships, e.g. on-bonds
- 20% increase in orders
- Easier access to international trade for SMEs, trustable information on international clients
At the end … Good for Business!

- **8** new business connections outside the peer group were established.
- **3** production transactions within the peer group were conducted.
- **2** cases of collaboration in production were initiated but failed due to different quality perceptions and production facilities.

Providing preferential business terms - either in price or in fast production and business referrals (recommending each other) were the most common mode of business collaboration.
New Partnership

6 Women from the program came together and create their brands. We support them,
A- Mentoring
